Rotax 912 ULS – 100 HP (for Legend 600 – D and Legend 600 – D D)	
Rotax 912 iS 2 Sport (for Legend 600 – D iS and Legend 600 – D D iS)	
Propeller	
Three-blade fixed (ground adjustable) DUC Swirl 3 propeller	
Safety	
Ballistic rescue system GRS 6/600 SD S-LSA	
EXRA EQUIPMENT	
Exterior design	
Colour foil design	400
Colour foil design & Sprayed design	830
Colour design on wheel covers	250
Colour design on wing tips	190
Colour design on elevator ends	180
Colour paint on the propeller cone	220
Painted design	1 800
White paint on the floats and construction	850
User comfort	·
Leather seat covers	415
Leather door panels	400
Atypical leather colour	400
Rhombus diamond stitching	300
Ceiling upholstery	420
Leather yokes (new order)	1 200
Leather yokes (spare part)	1 600
Phone holder on yokes	550
Box for iPad mini with built-in cooler	400
Lemo headset jacks	400
Engraved dashboard nameplates	400
Aveo Eyebeam cabin headliner dome light	415
Electrically heated seats	780

Forward folding seats for baggage loading	2 000
Photo windows	800
Bigger door windows	300
Mesh pocket on central tunnel	35
Rear baggage carpet floor covering	40
Handling drawbar – nose wheel	165
Functionality	
Bigger fuel tanks with a capacity of 130 Ltr	360
Centre fuel tank incl. signalling and automatic pump filling (extra option for Rotax 912 ULS)	910
Fireproof fuel lines	260
Aeropilot Pitot Probe heated	200
AOA/Pitot Probe heated	530
AOA/Pitot Probe unheated	240
Second landing light on the wing	690
Four-piston brakes	300
Differentiated pedal foot brakes	1 100
Beringer brakes and master cylinder	2 600
Avionics	
Magnetic compass	100
Lock ignition on the dashboard panel	180
Emergency position transmitter ELT ACK E-0,4	1 170
Flap module	220
Flap panel – external flap indicator	380
Flap control on the dashboard	440
Engine	
Rotax 916 iS 2A including installation cost	35 170
Propellers	
Three-blade fixed (ground adjustable) Bolly BOS3 propeller	- 260
Three-blade fixed Helix propeller	1 740
Electrically adjustable propeller for the engines Rotax 912 – 914 – max. 114 HP:	
Three-blade electrically adjustable Neuform CR3-V-80 propeller including constant speed	5 350
Hydraulically adjustable propeller for the engines Rotax 912 – 914 – max. 114 HP:	
Three-blade hydraulically adjustable KW-21BNM propeller including hydraulic regulator	3 700
Safety	
Ballistic rescue system GRS 6/600 SD DULV	500
Floats	
Amphibious four-wheel floats including the construction	21 950
Other service	
Disassembly and packing the aircraft	625
Disassembly and packing the aircraft and floats	990
Loading the aircraft into a 40 container	500

Transport of aircraft from the airport in Zbraslavice (LKZB) to an airport of destination

To be calculated
